LETTER OF RECOMMENDATION

I have great pleasure in recommending **Muhammad Rashid** in his pursuit of higher educational qualifications. I know him for the past four years and during this period I have found him very participative and dedicated.

Muhammad Rashid has always shown keen interest in his work commitments. He has always been eager to take responsibilities and fulfill them at any cost. He always completed his assignments, projects, and other tasks well in time. He has outstanding oral and verbal skills. The medium of instruction he followed throughout during his studies was in English.

What particularly impressed me most is his devotion and motivation to understand the challenging issues. He has enormous potential to undertake research work independently. He can grasp the new ideas and skill which would enable him to take full advantages of the facilities available **Muhammad Rashid** is a pleasing personality and can work in multicultural settings.

Given his sound academic performance and the desire to enhance his knowledge, I strongly recommend him for studying in your esteemed institution.
